National Republican Ticket

For President—
WILLIAM MCKINLEY,
OF OHIO.
For Vice President—
THEODORE ROOSEVELT,
OF NEW YORK.

TERRITORIAL REPUBLICAN TICKET

For Delegate to Congress—
BERNARD S. RODEY,
of Albuquerque.

Registration will close on October 26.

The Gleaner says there is no democratic party in McKinley county.

B. S. Rodey is certain to have a majority of over 2,000 in the territory.

The Times-Herald predicts that Chicago will give McKinley 50,000 majority.

The Gallup Gleaner is making a splendid fight for the best interests of McKinley county.

Iowa beats any other state in the union this year in its production of corn, which amounts to 353,365,960 bushels.

The report of the commissioner of the general land office shows the government has 817,125,330 acres open to settlement.

Kansas is preparing to make another clean sweep next month. The broom corn crop this year is the greatest in her history.

Along with the plow and other evidences of civilization, the Apaches have acquired consumption, according to General Merriam's report.

The business men of Denver have sent a petition to the daily press of that city requesting that the campaign of mud-slinging now in progress should be stopped.

During the last fiscal year ending June 30, 1900, the commissioner of internal revenue collected \$2,844,491 as a tax upon legacies, which is an increase of \$1,649,954 from the previous year.

The insurrection in southern China appears to be spreading and growing more formidable, and it seems that after all Prince Tuan, so far from being in disgrace and in danger of losing his head, is in reality carrying things with as high a hand as ever.

A carefully tabulated statement of the trusts existing in the country when Mr. Bryan and his party went out of power March 4, 1897, discloses the fact that there were \$9 with an aggregate capitalization of \$2,274,232,780. Among a list is Tammany Hall's Consolidated Trust, which was organized in 1895, with a capital of \$1,255,000. Neither Mr. Bryan nor his party did anything to suppress these trusts when it was in their power to do something besides talking.

BRUYANITES IN THE PHILIPPINES.
On February 12, 1899, Aguinaldo's secretary of the interior, issued a proclamation from which the following is an extract:

"You will do dispose that at 8 o'clock at night the individuals of the territorial militia at your orders will be found united in all the streets of San Pedro, armed with their bolos, revolvers and guns, and ammunition, in convenient, Filipino families only be respected. They should not be molested, but all other individuals of whatever race they may be, will be exterminated without any compassion after the extermination of the army of occupation."

That shows the character of the Bruyanites of the island of Luzon. It is those wretches for whom Bryan is asking the sympathy of the mawkish and weak minded. It is over such bands of murderers that he proposes to establish his "stable government" without asking the "consent of the governed" and then turn them loose to govern among the nations while we stand by with loaded guns to prevent interference.

PUBLIC LANDS.

The total sales of government land during the year ended June 30, 1900, were 12,452,887 acres, of an average of 4,800,000 from the fiscal year of 1899, and the cash receipts of the land office were \$1,279,735, the largest for several years.

During the year 61,790 people took up original homestead entries, without cost, 6,419,109 acres; 3,129 people took up desert lands, amounting to 590,155 acres.

RIO ARRIBA COUNTY.

Judge B. S. Rodey and Gov. Otero at Tierra Amarilla.

PARTY WELL ORGANIZED.

A special correspondent of the New Mexican, writing from Tierra Amarilla on the Rio Arriba county republican convention, says:

Governor Otero, Hon. B. S. Rodey and Judge Pendleton, who had been nominated in San Juan county for the legislature from Taos, Rio Arriba and San Juan counties, were formally received by the convention. Governor Otero made an excellent address on territorial finances and other subjects of interest, and then introduced Mr. Rodey as a friend of his, and a man who had been enthusiastically nominated by the unanimous voice of the territorial convention.

Mr. Rodey spoke at some length and made a good impression. He returned the governor's compliment by saying he was one of the best governors New Mexico had ever had; that in an interview with President McKinley he assured the president that in the appointment of Governor Otero, he had made the very best possible selection, and that he felt authorized to say on behalf of the New Mexican people, without any expectation, that the selection is absolutely the best that has ever been made, and that he will sustain him.

He then touched on the various issues of the campaign, and expressed his surprise and admiration at the beauty and prosperity of Rio Arriba county.

Judge Pendleton made stirring address, which left an excellent impression on the audience, and Hon. W. E. Martin closed the reception by an eloquent speech in Spanish.

During the convention Hon. L. B. Prince introduced resolutions for a better organization in the county, which were unanimously adopted.

These provide for the formation of a county committee of nine members, three from each district, and for precinct committees of three each.

The county committee was immediately appointed, and consists of L. B. Prince, Amado Ortiz, Margarito Bore, Veneciano Jaramila, W. G. Stevens, Ignacio L. Ortiz, J. M. Archuleta, W. E. Broad, Perfecto Esquivel. It subsequently organized by electing Colonel Jaramila chairman, Amado Ortiz secretary and W. E. Broad treasurer, with headquarters at El Rito.

Does It Pay to Buy Cheap.
A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the disease, and not leave you with a sore throat and lung trouble. What shall you do? Go to a warmer and more regular climate. Yes, if possible; if not possible, then take the Little Early Riser.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, bronchitis, loss of voice, and all diseases of the throat, chest and lungs are surely cured by it. Call on J. H. O'Reilly Co., druggists, and get a trial bottle. Regular size 50 cents and 10 cents. Every bottle guaranteed, or price refunded.

RODEY IS A SURE WINNER.
Conservative Estimates in Counties Show Republican Strength.

The following conservative estimates of majorities based on the latest information, which is thoroughly reliable, would indicate the election of Bernard S. Rodey as delegate to congress beyond a doubt.

Played Out.
Dull headache, pains in various parts of the body, sinking at the pit of the stomach, loss of appetite, feverishness, pimples or sores are all positive evidences of impure blood. No matter how it became so it must be purified in order to obtain good health. Ackers' Blood Elixir has never failed to cure scrofulous or syphilitic poisons or any other blood diseases. It is certainly a wonderful remedy, and we sell every bottle on a positive guarantee. J. H. O'Reilly & Co.

JUDGE B. S. RODEY.
His Nomination Has United the Republican Party of New Mexico.

The Raton Range, speaking editorially on the candidacy of Judge Rodey for delegate to congress, says:

"The republican nominee for delegate is not without honor, even in his own country. Albuquerque, the home of B. S. Rodey, all wish to do him honor. It would seem as if some unforeseen hand was shaping the destinies of the republican party in New Mexico. The nomination of B. S. Rodey has met the hearty approval of the republicans throughout the territory and no faction or integral part of the party feels itself aggrieved. A campaign of more than

Mrs. Gates Writes to Mrs. Pinkham, Follows Her Advice and is Made Well.

"DEAR MRS. PINKHAM:—For nearly two and one-half years I have been in feeble health. After my little child came it seemed I could not get my strength again. I have chills and the severest pains in my limbs and head and am almost insensible at times. I also have a pain just to the right of breast bone. It is so severe at times that I cannot lie on my right side. Please write me what you think of my case."
